

# Quality Is Something We Take Personally

We design and assemble Fraser-Johnston® ReliaCore™ 100 Series single-packaged rooftop units here in the United States, where we can closely monitor and improve processes that directly affect quality. It's this commitment to excellence that allows us to offer outstanding warranties, meet the highest industry standards and deliver energy-saving comfort that lasts.

ReliaCore™ 100 Series  
Single-Packaged Rooftops

RELIACORE™ 100 SERIES 3-6 TONS

# The Trusted Solution In Packaged Units

Fraser-Johnston® ReliaCore™ 100 light commercial packaged units epitomize efficiency by combining advanced features with proven reliability. Dependability, quality and smart technology are hallmarks of the trusted craftsmanship Fraser-Johnston® units bring to challenging commercial projects.

## ReliaCore™ 100 Single-Packaged Rooftops 3–6 Tons

The Fraser-Johnston® ReliaCore™ 100 Series combines high-efficiency and advanced economizer controls with unprecedented installation flexibility and low installed costs, providing a great solution for commercial-building applications.

- Simplicity® Smart Equipment™ ensures ensure easier installation, startup and troubleshooting versus electromechanical controls.
- Common, compact design fits in a single footprint
- Fast installation thanks to simple utility connections
- Designed to accommodate 1" or 2" air filters
- Complete line of field-installed accessories

## The Features You Expect, And More

### Durable, efficient MicroChannel coil.

The all-aluminum MicroChannel condenser coil provides outstanding efficiency and reliability thanks to an advanced coil design. (MicroChannel coils only apply to air conditioning models.)

### Reliable operation.

The compressor is internally protected against high pressure and temperature to ensure dependable performance in tough conditions.

### Greater durability.

Durable finish using powder-painted, galvanized steel meets 1,000-hour salt-spray test demands as assurance of a long-lasting, corrosion-resistant cabinet.

### Limited maintenance.

For years of trouble-free service, the condenser and evaporator fan motor bearings are permanently lubricated to ensure reliable performance.

### Solid foundation.

Installation goes smooth and easy thanks to full-perimeter base rails that are permanently attached to the unit to save time and materials.

### Outstanding warranty.

With more than a century of innovation behind our name, you can depend on Fraser-Johnston® for year-round comfort and long-lasting durability. Built for years of trouble-free service and reliable operation, Standard-Capacity systems are backed by warranties you can count on.

## Put performance in the palm of your hand

With Simplicity® Smart Equipment™, all alarm and diagnostic data can be transmitted directly to an on-site PC or over a local Wi-Fi® connection — you can even monitor the system over the Internet using a Web browser.

- Thermostat ready – No configuration required
- Wi-Fi® and Ethernet communications via optional Mobile Access Portal (MAP) Gateway
- Onboard LCD
- Plug and Play Feature additions in the field
- Auto-Configuration
- Factory-configured and Tested – No field programming required
- Self-Test Diagnostic Startup Report
- Data Logging to removable memory (USB)
- Multi-Protocol Capability
- SMART Device Tools (Mobile Access Portal Gateway)
- Fault "messages" instead of fault "codes"
- BTL Certified
